## Some Questions and answers

### What's available with this service?

- **Member contributions:** Members can securely view, make, and manage their contributions online, including viewing your giving history and printing statements. Also includes setting up automatic withdrawals and making one-time gifts to various causes.

### What's the difference between this and instructing your bank directly to make donations?

#### Instructing the bank:

All they do is mail us a check; hopefully with some instructions as to which purpose you had in mind, such as Regular Tithe or Capital Campaign. This is the same as dropping a check in the basket at church, without a numbered envelope. We still have to interpret the intent and name of the donor.

#### Making donation through our system:

With our system, the name of the donor and purpose of the gift is already determined beforehand, and just flows into our system. This is the most efficient and accurate way to donate, and the most secure, since we don't even see your account numbers.

### Is this system secure?

Yes. Transactions are handled through industry standard https secure access utilizing SSL 32-bit encryption.

### Can I make a pledge online instead of using the form?

Not yet: You will still need to fill out a pledge card to make a pledge to our annual stewardship campaign.

### Who can see my information online?

Only you: Your information is protected behind a secure login and is only accessible by you. Login credentials are only given to members who have had their identity verified by the parish office.
